Stop disagreeing with each other. Please. It's near impossible with the human trait of stubbornness. But it's doable. So make life easier and don't argue. I'm not meaning don't stand up for your beliefs. I'm meaning don't hurt other people in the process. Thanks.

Oh, and I'm not referring to anyone in particular, nor specifically to the forums, although it could use this bit of advice. I'm referring to life.

Sorry if this seems offensive.

disagreement is a fact of life; what the world needs isn't less disagreement but more willingness to compromise

Yes! YES! We need more people who think this way!

And one thing I've noticed . . . (BTW, this isn't directed at any one person in particular. It's *also* a human trait. I do it, too.)

People seem to see where somebody posts something like this, and most of the replying posts are in agreement? To be frank, if that many people agreed, we wouldn't need the threads in the first place. If y'all disagree, it's okay to say something! Just don't start a fight over it!

Thanks, and have a nice day, citizens. *drives away, sirens blaring for no reason*

Also, I agree with drago. This is a good idea to ge5 people to stop being angry about silly things and accept that some humans don't agree with them. If this happens, just agree to disagree. (Unless, of course, it's something actually horrible, like they think murder is ok or somethin, which would be bad...)

Actually, revision: if you argue with a murderer, something bad might happen. So um... don't fight?

@lepidotra (sorry if I spelled it wrong), that's a little debatable, whether to tell them you disagree or not. There's a good chance they live across the world, but there's the slim chance that they live next door. Whether you risk it is up to you/ that person.

Maybe disagree wasn't a good word, instead I should have wrote clash. It's okay to disagree with someone, as long as it doesn't turn into a fight.

I'm just gonna try and state my opinion in a way that won't get me banned.

@Jim, please explain why you want to have fights with people. I don't understand "No".

@Grendal (hope I spelled that right), I agree with you, but I don’t completely agree.
Fighting is a part of relationships, correct? You fight, you make up.
Humans aren’t perfect.
You can’t make people stop doing things.
I do agree that it’s bad to fight, but it is not bad to state your opinion and disagree for a while.
